

From the conduit head north, past the school, and take the left hand fork up the hill past Churchill Cottages.

Just past Bowcombe Park on the left stop at the gate and admire the view down the valley, west towards the sea (towards Mothecombe).

Carry on uphill and at Toby Cross continue over and follow the lane downhill all the way to the old stone bridge over the Lud brook. Just before you reach the bridge over the Lud brook bear left onto the signed footpath.

Go through the metal gate and cross the small field through the second metal gate. Follow the track alongside the wood to a wooden gate and stile.

Cross the stile and head across the field to a second stile. Climb over head uphill to the left to where you should be able to see the footpath signpost.

When you reach the top of the hill take a few minutes to enjoy the view before heading along the top of the hill/field, through the metal gate, and down the steps to the rough metal track. Turn right and, after a few metres turn left through two metal gates, onto the footpath. Follow the footpath along the edge of the field up above a low valley to a gate.

Go through the gate and head slightly diagonally, uphill (with Faraway Barn on your right) and through another gate towards the houses at Quarry Farm. Carry on between the houses and follow the track up around the valley to emerge onto the lane coming up from Ludbrook.

At the lane turn left. Follow the ridge road past Windy Ridge Farm and back to Toby Cross.

At Toby Cross turn right and head back downhill to the village square.

Alternatively, for those wishing to extend the walk, carry on across Toby Cross and continue as in described in **Walk 1**.

Enjoy your walk and please return this map to where you obtained it.  
Ugborough Parish Council accept no responsibility for accidents on this walk. Persons participating in walking this route do so at their own risk.

## Ugborough Parish Walks

**Walk 3: Toby Cross, Lud Brook, Earlscombe Farm, Quarry Farm, Windy Ridge and back to Ugborough.**

**Distance is around 4 miles and takes about 2 hours.**

**A mixture of lane and field walking with the possibility of muddy stretches.**
