

Ugborough Parish Council

Annual Parish Meeting, Wednesday 13th May 2026

My apologies for not being in attendance.

I am a District Councillor and the County Councillor for the western part of the Parish. This section, trending north/south along the boundary with Ivybridge, is shown in the figure between the pink and black lines.

Over the last year I have been involved with

- . the Railway Station and Saxon Gate - pathways litter picking, and bin collections;
- . in North Filham, as a member of the District Council planning committee and the application for a discount supermarket on the south west side of Rutt Lane, and the DCC expected construction of a school to support SEND students;
- . on road signage, particularly with the Parish Lengthsman for clearance of a road sign, and with a residents on the state of the bushes, obstruction of the highway and the state of the footpath;
- . Middle Filham with some resurfacing but continued poor quality road levels at the junction up from the underpass and the effect on drainage to a road gully. There are ongoing discussions about a possible footpath connecting the egress from the NE end of Filham Park round to the footpaths into Lucerne Fields;
- . Lucerne Fields - An ongoing discussion about the purchase, placement and supply of a salt bin
